

# GREENHOUSES AND BREW/PUBS

Adding Value to Hot Springs Resorts

# Geothermal energy utilization in beer brewing

The following breweries utilize geothermal power to run their processing. They have signature beers named after term related to geothermal energy such as Magma and Rhine Rift.

Seismic Brewing Co. - California  
Vapori di birra - Italy  
Klamath Basin Brewing - Oregon

KLAMATH BASIN BREWING CO.

1320 Main St

SPEED  
20

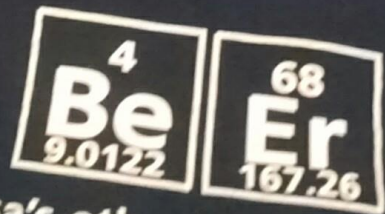

A man in a grey button-down shirt stands in front of a tall, illuminated sign. The sign has three main sections. The top section features a silhouette of a group of people and the text 'Riff Raff' in a stylized font. The middle section says 'BREWING COMPANY' in large, bold letters. The bottom section, partially visible, says 'EWPUB'. The scene is at night, with a dark sky and some blurred lights in the background.
